IGNITION
PROGRAMME

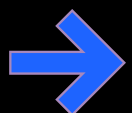

EXPLORING YOUR SPACE BUSINESS IDEA

PRE-INCUBATION
OR INCUBATION
OR
BOTH?

Curious what first step to take?

GET SUPPORT

Deciding on pre-incubation vs incubation will depend on what stage you are at.

WHAT ARE THE KEY DIFFERENCES?

Pre-Incubation (4 weeks*)

Ignite your business idea.
For entrepreneurs wanting to get support refining the concept, assessing the space link, checking the technical feasibility, analysing market opportunities and validating the idea.

Incubation (2 years max.)

Launch your business.
Take your startup to the next level and develop an MVP (minimum viable product). Get business development, fundraising & legal compliance support + access to coaches, events & ESA BIC network.

*1 day per week at SBIC

PREPARE TO LAUNCH

The programmes managed by SBIC Noordwijk have selection deadlines twice a year (in Spring & Fall).

Early-stage ideas can be validated during the Ignition Programme course in **Aug/Sep**, with the option to go on immediately to apply for the ESA BIC selection round in **October** to develop your innovation with up to €60K funding & business/technical support.
